

Compliance action taken for childcare provision

Ref: EY305861/5762578

Date: 2 July 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 21 June 2024, the provider notified us of a significant event which is likely to affect the suitability of any person who cares for children on the premises. The notification means that, on this occasion, the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event.

On 1 July 2024, we carried out a regulatory telephone call. We found that the provider was not meeting some of the requirements, including a failure to notify Ofsted of other significant events, which is a requirement of their registration. We have issued actions for the provider to take. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Actions needed by 15 July 2024:

- report any allegation made against a member of staff to Ofsted without delay,

- improve knowledge and understanding of significant events that must be notified to Ofsted.

On 11 July 2024, the provider responded to the actions set. We found that the provider fully understands their responsibilities and has taken steps to improve their knowledge and

understanding of reporting events.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
