

Compliance action taken for childcare provision

Ref: 119968/5754009

Date: 25 July 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 31 May 2024, the provider notified us of a significant event that had a potential impact on staff suitability. Although the provider notified us of the significant event, they failed to do so within the required timescale, which is a requirement of their registration.

On 14 June 2024 and 8 July 2024, we carried out a regulatory telephone call. We found that the provider had taken action to put matters right, such as updating company policies to ensure significant events are reported to Ofsted within the required timescales. The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
