

Compliance action taken for childcare provision

Ref: EY499371/5728251

Date: 31 July 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at <http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2>. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 10 May 2024, the provider notified us that a child had been left unsupervised in the garden for a period of time. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 25 July 2024, we carried out a regulatory visit. We found that provider was not meeting some of the requirements and had taken action to put this right. Following the incident, the provider completed a full review. This resulted in staff refreshing their knowledge of deployment procedures when children are moved around the setting.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
