

Compliance action taken for childcare provision

Ref: EY409431/5749244

Date: 3 September 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 6, 11 June and 31 July 2024, the provider notified us of allegations against staff. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted.

On 8 July 2024, we received other concerns that the provider was not meeting some of these requirements.

On 15 August 2024, we carried out a regulatory telephone call. We found that the provider had completed a thorough investigation and took prompt action to reassess staff's knowledge of safeguarding. All staff have refreshed the setting's policies for safeguarding and their responsibility to whistle blow. Management procedures are in place to ensure all staff understand and maintain their roles and responsibilities to keep children safe, including the rules around smoking, vaping and alcohol.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
