

## **Compliance action taken for childcare provision**

Ref: EY545770/5735347

Date: 1 October 2024

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 17 May 2024, the provider notified us about safeguarding policies and procedures (including concerns about children's safety and welfare). The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 1 August 2024, we carried out regulatory visit and on 9 August 2024 we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right.

The provider has arranged additional training to improve staff's knowledge and understanding of procedures to follow, for the safe use of electronic devices at the setting. The provider has put in place routine safeguarding discussions at staff meetings and regular supervision of staff. Leaders have taken appropriate steps to ensure that staff have knowledge and understanding of the setting's whistle blowing policy and procedures. Additionally, staff have completed behaviour management training.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
