

Complaint about childcare provision

Ref: 2526887/5834673

Date: 10 October 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 23 September 2024, we received concerns that the provider was not meeting requirements relating to safeguarding policies and procedures, including concerns about children's safety and welfare.

On 24 September, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken immediate action to put this right. Risk assessment procedures have been revised and discussed with the staff, and measures have been put in place to improve the security of the areas used by the children. This supports children to remain safe. The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.
