

Compliance action taken for childcare provision

Ref: 137846/5865143

Date: 7 November 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 29 October 2024, we received concerns that the provider was not meeting requirements relating to safeguarding policies and procedures, safety and suitability of premises, environment and equipment, and health.

On 6 November 2024, we carried out a regulatory telephone call. We found the provider was not meeting one of the requirements. We have issued an action for the provider to take. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Action needed by 21 November 2024:

- ensure all staff, including leaders, understand the action to be taken in the event of an allegation being made against a member of staff.

We will monitor the provider's response to ensure the action is successfully completed.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
