Compliance action taken for childcare provision

Ref: EY537143/5868769

Date: 12 November 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 1 November 2024, the provider notified us about qualifications, training, support and skills, health and information and record keeping. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundations stage to notify Ofsted of significant information.

On 5 November 2024, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has improved their internal procedures to collect and use relevant information about individual children's health requirements. This helps to ensure children's welfare. The provider has reviewed and revised the procedures to make staff aware of children's dietary needs. They have developed processes to help staff to know how to respond during health emergencies, in order to keep children safe and healthy.

The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
