

Compliance action taken for childcare provision

Ref: 143795/5905677

Date: 20 January 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 5 December 2024, the provider notified us about safeguarding policies and procedures, including concerns about children's safety and welfare. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any allegations of harm or abuse by anyone living, working, or looking after children at the premises.

On 13 January 2025, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider ensured that training has taken place to further develop staff's knowledge and understanding of safeguarding procedures. Staff attended positive behaviour management training to ensure children's behaviour is managed appropriately. Leaders regularly observe practice and hold supervision meetings with staff. This will help to ensure that staff provide children with quality care.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
