

## **Compliance action taken for childcare provision**

Ref: EY425030/5789833

Date: 20 January 2025

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 25 July 2024, the provider notified us about matters relating to staff:child ratios. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event which is likely to affect the suitability of the early years provider to look after children. The provider will be able to give parents further information about this.

On 8 January 2025, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has appropriately implemented the changes they set out in their action plan that they previously shared with Ofsted. The provider has taken appropriate steps to ensure children are supervised effectively to ensure their safety and wellbeing. Staff have completed training and improved the arrangements for supervising children. They have embedded practices such as regularly reviewing the deployment of staff and completing regular head counts, including when children are moving between different parts of the nursery. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
