

Inspection of Beckfoot Allerton Primary School and Nursery

Garforth Street, Allerton, Bradford, West Yorkshire BD15 7HB

Inspection dates:	17 and 18 December 2024
The quality of education	Good
Behaviour and attitudes	Outstanding
Personal development	Outstanding
Leadership and management	Good
Early years provision	Outstanding
Previous inspection grade	Requires improvement

The headteacher of this school is Michelle Blanchard. This school is part of Beckfoot Trust, which means other people in the trust also have responsibility for running the school. The trust is run by the chief executive officer (CEO), Shirley Watson, and overseen by a board of trustees, chaired by John Winkley.

What is it like to attend this school?

Pupils thrive because of the high-quality education that they receive. The school's high ambition for all pupils, particularly those who are disadvantaged, is at the heart of everything it does. The school gives pupils with special educational needs and/or disabilities (SEND) and those who are disadvantaged the highest priority.

Pupils meet and exceed the high expectations that the school has for them. They do this in their learning and in their behaviour. Behaviour throughout the school is exemplary. Pupils live and breathe the school's intention that: 'We do the right thing because it is the right thing to do.' They are highly motivated and appreciative of all the opportunities and experiences the school offers them. Pupils feel safe and happy in school because they know that adults care for them.

Pupils benefit from a range of roles of responsibility. Through these, they make a significant contribution to their school and community. For example, pupils requested changes to the school's drop-off and collection arrangements. These have led to improvements in road safety and reductions in congestion around the school.

What does the school do well and what does it need to do better?

The school has developed a curriculum that is ambitious and well sequenced. Learning has been carefully planned to start in early years and to prepare pupils well for their next steps. The school has identified the important knowledge that pupils should learn. The high-quality curriculum in early years ensures that children are ready for key stage 1.

In English and mathematics, pupils learn well over time. In these subjects, teachers use effective strategies to ensure pupils regularly review and revisit their previous learning. This helps them to remember what they have learned and build knowledge well over time. In some other subjects, these strategies are less well established. When this is the case, some pupils do not build aspects of their knowledge as deeply.

Teachers receive high-quality training and support. They have a deep knowledge of the subjects they teach. They present information clearly. There is a strong focus on developing pupils' spoken and written language. Teachers highlight and discuss ambitious vocabulary. Children in the early years benefit from purposeful interactions with adults that develop their vocabulary and communication. Teachers skilfully ask questions that help pupils to deepen their understanding. They also use questions to check what pupils know and can remember. However, when some pupils make mistakes in their work, these are not consistently addressed.

Pupils with SEND access the same ambitious curriculum as their peers. They are supported well by expert staff. They progress proficiently against the milestones that have been identified for them. Teachers make carefully considered adaptations to support these pupils.

The school's ambitious and rigorous approach to the teaching of reading ensures that pupils become successful, fluent readers. Staff quickly identify pupils who struggle or slip behind. They receive expert, focused support to keep up. Older pupils become enthusiastic readers through exposure to, and discussion about, exciting books and texts.

Children in the early years play and learn in a vibrant and engaging environment. They show high levels of independence. Their impeccable behaviour reflects the high expectations of staff and well-established routines. They develop early mathematical knowledge through regular opportunities to practise counting, sorting and building structures with shapes. All staff contribute to the growing knowledge of every child. Children with SEND are supported very well. Staff develop strong, productive relationships with parents.

Pupils behave exceptionally well throughout the school. They learn how to manage their feelings and emotions. Pupils exhibit excellent manners, taking an interest in visitors, with whom they converse with confidence. The school has recognised that some pupils' attendance is below its high expectations. The school continues to work relentlessly to secure improved attendance in these cases.

The school's personal development offer ensures that pupils are very well prepared for their future lives in British society. They are responsible and respectful. They celebrate similarities and differences between people. They understand and respect cultures and religions different to their own. Members of the school council, sports ambassadors, librarians and house captains perform their roles with pride.

The trust and the school have overseen significant and rapid improvements to the school in recent years. There is a relentless commitment to the very best for pupils and families, particularly those who are disadvantaged. Governors and trustees share these ambitions. They offer challenge and support to leaders and staff. Staff are overwhelmingly positive about their experience of working at the school. They appreciate the consideration given to their workload and well-being.

Safeguarding

The arrangements for safeguarding are effective.

What does the school need to do to improve?

(Information for the school and appropriate authority)

- In some subjects, strategies to ensure that pupils recall and build on previous learning are less developed than in others. When this happens, pupils do not learn to the same depth that they do elsewhere in the curriculum. The school should develop strategies to successfully build learning over time in all subjects.

- On occasion, pupils' misconceptions are not addressed. This means that errors in their work persist. The school should carry out further work to address misconceptions to further improve pupils' learning.

How can I feed back my views?

You can use [Ofsted Parent View](#) to give Ofsted your opinion on your child's school, or to find out what other parents and carers think. We use information from Ofsted Parent View when deciding which schools to inspect, when to inspect them and as part of their inspection.

The Department for Education has further [guidance](#) on how to complain about a school.

Further information

You can search for [published performance information](#) about the school.

In the report, 'disadvantaged pupils' is used to mean pupils with special educational needs and/or disabilities (SEND); pupils who meet the [definition of children in need of help and protection](#); pupils receiving statutory local authority support from a social worker; and pupils who otherwise meet the criteria used for deciding the school's [pupil premium funding](#) (this includes pupils claiming free school meals at any point in the last six years, looked after children (children in local authority care) and/or children who left care through adoption or another formal route).

School details

Unique reference number	143092
Local authority	Bradford
Inspection number	10346604
Type of school	Primary
School category	Academy converter
Age range of pupils	3 to 11
Gender of pupils	Mixed
Number of pupils on the school roll	421
Appropriate authority	Board of trustees
Chair of trust	John Winkley
CEO of the trust	Shirley Watson
Headteacher	Michelle Blanchard
Website	www.beckfootallerton.org
Dates of previous inspection	18 and 19 October 2022, under section 5 of the Education Act 2005

Information about this school

- The school joined the Beckfoot Trust in September 2016.
- The school does not make use of alternative provision.

Information about this inspection

The inspectors carried out this graded inspection under section 5 of the Education Act 2005. During a graded inspection, we grade the school for each of our key judgements (quality of education; behaviour and attitudes; personal development; and leadership and management) and for any relevant provision judgement (early years and/or sixth form provision). Schools receiving a graded inspection from September 2024 will not be given an overall effectiveness grade.

- Inspections are a point-in-time evaluation about the quality of a school's education provision.

- Inspectors discussed any continued impact of the pandemic with the school and have taken that into account in their evaluation of the school.
- Inspectors met with the headteacher and other school leaders. They also met with members of the local school council, and representatives of the trust.
- Inspectors carried out deep dives in these subjects: early reading, mathematics, history and geography. For each deep dive, inspectors held discussions about the curriculum, visited a sample of lessons, spoke to teachers, spoke to some pupils about their learning and looked at samples of pupils' work.
- Inspectors also discussed the curriculum and looked at samples of pupils' work in some other subjects.
- To evaluate the effectiveness of safeguarding, inspectors: reviewed the single central record; took account of the views of leaders, staff and pupils; and considered the extent to which the school has created an open and positive culture around safeguarding that puts pupils' interests first.
- Inspectors took account of responses to Ofsted's online survey, Ofsted Parent View, the pupil survey and the staff survey.

Inspection team

Dughall McCormick, lead inspector

His Majesty's Inspector

Louise Greatrex

Ofsted Inspector

Lee Wilson

Ofsted Inspector

The Office for Standards in Education, Children's Services and Skills (Ofsted) regulates and inspects to achieve excellence in the care of children and young people, and in education and skills for learners of all ages. It regulates and inspects childcare and children's social care, and inspects the Children and Family Court Advisory and Support Service (Cafcass), schools, colleges, initial teacher training, further education and skills, adult and community learning, and education and training in prisons and other secure establishments. It assesses council children's services, and inspects services for children looked after, safeguarding and child protection.
