

Compliance action taken for childcare provision

Ref: EY449315/5909459

Date: 28 January 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 17 December 2025, the provider notified us about an incident relating to safeguarding policies and procedures. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of safeguarding policies and procedures.

On 24 January 2025, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has taken action to ensure all referrals of allegations of staff are notified to Ofsted in a timely manner. Staff have undergone specific training to ensure they fully understand their responsibilities to act swiftly when reporting safeguarding concerns. The provider has implemented robust processes to ensure all those that work with children are suitable to do so. Furthermore, there are systems in place to ensure that staffing arrangements effectively meet children's needs. For example, they have ensured that managers are accessible if required.

The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
