Compliance action taken for childcare provision

Ref: EY233534/5963867

Date: 26 March 2025

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On the 13 February 2025, the provider notified us of a breach in the requirements relating to safeguarding policies and procedures, qualifications, training, support and skills, supporting and understanding children's behaviour, safety and suitability of premises. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant events. On 26 March 2025, we carried out a regulatory visit. We found the provider had taken action to put this right. The provider has improved staff's knowledge, training and skills in relation to their roles and responsibilities for safeguarding procedures. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
