Compliance action taken for childcare provision

Ref: 2821722/5975807

Date: 30 April 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 18 and 28 February 2025, we received concerns that the provider was not meeting some of these requirements.

On 5 March 2025, we carried out an inspection and found the provider was not meeting some of these requirements.

The overall effectiveness of the provision was judged to be inadequate. The inspection report sets out the actions the provider was required to take to meet the requirements.

On 21 March 2025, we carried out a regulatory visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions, raised at their last inspection.

We found that the provider had improved the procedures for ensuring that people looking after children, plus directors, are suitable to fulfil their roles, by undertaking relevant suitability checks and providing relevant information to Ofsted.

The provider has also ensured that staff have improved their knowledge and understanding of safeguarding issues, including the settings safeguarding children policies and procedures.

We found that the provider is now meeting staff: child ratios. Three new members of qualified staff have been employed since the inspection. In addition, the provider has also improved the key person system and details of their child's key person have been shared with parents. We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.
