

Compliance action taken for childcare provision

Ref: 100969/6124765

Date: 21 August 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 23 July 2025, the provider notified us about an incident relating to Safety and suitability of premises, environment and equipment. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 21 August 2025, we carried out a regulatory telephone call. We found the provider was not meeting one of the requirements. We have issued an action for the provider to take within the timescales set out. The provider will be able to give parents further information about this.

Action needed by 22 August 2025:

- ensure the relevant child protection agencies are notified of any serious accident or injury to any child and act on any advice from those agencies.

On 28 August 2025, the provider responded to the action set. We found that the provider had improved their understanding of the need to liaise with child protection agencies and follow any advice offered if a child has a serious accident while in their care. The information gathered suggests that the provider is now meeting the requirements of their registration. We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
