

## **Compliance action taken for childcare provision**

Ref: 2507295/6099026

Date: 11 September 2025

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 4 July 2025, 11 July 2025 and 23 July 2025, the provider notified us about matters relating to Safeguarding policies and procedures and concerns about children's safety and welfare. The notifications mean that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 4 September 2025, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. Staff have received additional training to enable them to support and manage children's behaviour in an appropriate way. Staff have also received refresher safeguarding training, and management has reaffirmed the importance of being vigilant when children use the bathroom. Additionally, correct procedures for administering medication to children has been discussed with the staff. This includes the importance of checking all medication to ensure it is not out of date. These revised measures will support the safety and well-being of the children. The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply

with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
