

Compliance action taken for childcare provision

Ref: 2504499/6127011

Date: 12 September 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 15 August 2025, the provider notified us about matters relating to suitable people. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events relating to safeguarding concerns.

We suspended the provider's registration on 19 August 2025, because we believe children may be at risk of harm. Suspension allows time for the provider to take steps to reduce or eliminate the risk of harm to children. The provider has a right to appeal against a suspension. The provider may not provide childcare for which registration is required while the suspension is in place and may commit an offence if they do so.

On 4 and 5 September 2025, we carried out regulatory visits. We found the provider was not meeting some of the requirements. We intended to serve a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. However, on 8 September 2025, while the welfare requirements notice was being prepared, the provider notified us of their wish to resign their registration. Consequently, we lifted the suspension to allow us to resign their registration. They are no longer a registered childcare provider.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
