

Compliance action taken for childcare provision

Ref: EY404137/6102809

Date: 22 August 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 18 July 2025, the provider notified us about an incident relating to safeguarding policies and procedures. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 20 August 2025, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 20 September 2025:

- Ensure that all staff within the company follow the policies and procedures in place to keep children safe should there be a concern about an adult or a child.

- Ensure all staff understand and are confident to follow the safeguarding policies and procedures in place, including escalating concerns, within and outside of the organisation.

On 24 September 2025, we carried out an inspection. We found that the provider had improved their knowledge and understanding of child protection procedures. All staff have received additional training to improve understanding and confidence of the policies and procedures, including how to escalate concerns. We are satisfied the provider has met the safeguarding and welfare actions raised. The report and inspection outcome will be published in due course.

The provider is still registered with Ofsted.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
