Compliance action taken for childcare provision

Ref: 2823439/6209967

Date: 1 December 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 10 November 2025, the provider notified us about matters relating to health. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events likely to affect the suitability of an individual or affect the smooth running of the setting.

On 26 November 2025, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. They have provided staff with additional training to improve staff deployment and, to ensure that all areas of the garden are well supervised and children remain in sight at all times. Leaders have improved their knowledge of the reporting requirements for serious accidents and injuries sustained at the setting, including ensuring that partner agencies are informed where appropriate. The provider has also made changes to a number of their risk assessments, including ensuring that the outside area is set up and checked by a member of staff before children access it, to help identify any hazards and reduce risks to children's safety.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the

enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
