

## **Compliance action taken for childcare provision**

Ref: EY266155/6100683

Date: 5 December 2025

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 17 July 2025, the provider notified us of a significant event, relating to the supervision of children. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event.

On 17 July 2025, we carried out a regulatory visit. We found the provider was not meeting some of the requirements but had taken some action to address matters. We issued actions for the provider to take. The provider will be able to give parents further information about this.

Actions needed by 21 July 2025:

-act in accordance with your safeguarding policy and procedures for informing the Local Authority Designated Officer of any concerns.

-ensure the registers are an accurate record of the number of children present.

The provider responded to the actions set. We found that the provider had improved their knowledge and understanding of risk assessments and responsibilities when preparing for walking to and from school, which included ensuring registers were clear and accurate. Additional training was provided for all staff so that they are all clear of their roles and responsibilities and of effective staff deployment. Management continue to monitor staff's implementation of the procedures to ensure they remain effective. The provide took action in accordance with her safeguarding policy and procedures. We are satisfied the provider has met the safeguarding and welfare actions raised.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
