

Complaint about childcare provision

Ref: EY402035/6224141

Date: 7 January 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 25 November 2025, we received concerns that the provider was not meeting requirements relating to safety and suitability of premises, environment and equipment.

On 23 December 2025, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has improved risk assessment procedures, so that they are able to better identify risks and take action to minimise or remove them more quickly. This has helped to make the premises safer for children.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints on our website for a period of five years.
