Compliance action taken for childcare provision

Ref: EY408258/6243427

Date: 21 January 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 16 December 2025, we received concerns that the provider was not meeting some of these requirements relating to safety and suitability of premises, environment and equipment.

On 21 January 2026, we carried out a regulatory visit. We found the provider was meeting the requirements. During this visit we found the provider had failed to notify Ofsted of a significant event as required. However, Ofsted are satisfied that the provider fully understands their responsibility to do so in the future. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
