

Compliance action taken for childcare provision

Ref: 2678462/6253367

Date: 23 January 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 23 December 2025, the provider notified us about matters relating to safeguarding policies and procedures, and suitable people. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 22 January 2026, we carried out a regulatory visit. We found the provider was meeting the requirements for safeguarding policies and procedures, and suitable people.

Additionally, during the regulatory visit on 22 January 2026, we found new areas of concern. This means that the provider was not meeting other requirements as set out in the Statutory framework for the early years foundation stage. In relation to the new areas of concern, we issued actions for the provider to take. The provider will be able to give parents further information about this.

Actions needed by 26 January 2026:

- ensure staff consider the guidance on food safety for young children when food is being prepared so that it is prepared in a way to prevent choking
- ensure children are always within sight and hearing of staff whilst eating and that they ensure children eat in a way that prevents choking.

We will monitor the provider's response to ensure the actions are successfully completed.

On 26 February 2026, the provider responded to the actions set. We found that the provider had reviewed children's mealtime routines to ensure staff are supervising children effectively while eating and all staff have completed training on safer eating. We are satisfied the provider has met the safeguarding and welfare actions raised.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
