

Compliance action taken for childcare provision

Ref: EY286324/6333842

Date: 1 April 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 16 March 2026, we received concerns that the provider was not meeting requirements relating to safety and suitability of premises, environment and equipment. On 25 March 2026, the provider notified us about matters relating to the same requirements.

On 31 March 2026, we carried out a regulatory visit. We found the provider was not meeting one of the requirements. We have issued an action for the provider to take. The provider will be able to give parents further information about this.

Action needed by 14 April 2026:

- ensure there is a named deputy manager capable of taking charge in the manager's absence.

We will monitor the provider's response to ensure the action is successfully completed.

At the same regulatory visit, we also found the provider was not meeting some of the requirements and had taken action to put this right. The provider has taken steps to ensure that risk assessments are carried out thoroughly and on an ongoing basis and that staff are better deployed to supervise children so that any hazards can be quickly identified and removed.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

On 14 April 2026, the provider responded to the action set. We found that the provider had taken steps to ensure that there is always a named acting deputy manager who is capable of taking charge when the manager of the setting is absent. We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
