Compliance action taken for childcare provision

Ref: EY459394/6292803

Date: 14 May 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 31 October 2025, we received concerns that the provider was not meeting requirements relating to qualifications, training, support and skills.

On 14 May 2026, we carried out a regulatory telephone call. In relation to the concerns received we found there were no breaches to requirements. However, during the telephone call we found the provider was not meeting another one of the requirements relating to information and record keeping and had taken action to put this right. The provider has reviewed policies and procedures to ensure all agencies are contacted when there is an allegation against a member of staff.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
