Compliance action taken for childcare provision

Ref: 2715444/6433343

Date: 9 July 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 28 May 2026, the provider notified us about matters relating to concerns about children's safety and welfare. Additionally, on the 19 June 2026, the provider notified us about matters relating to whistleblowing, and concerns about children's safety and welfare. These notifications means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event.

On 29 June 2026, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have issued an action for the provider to take. The provider will be able to give parents further information about this.

Action needed by 30 July 2026:

- strengthen the procedures for liaison with local safeguarding partners to ensure designated safeguarding leads have a clear understanding of the process to follow for making accurate and consistent referrals and sharing relevant information with all suitable agencies.

On 4 July 2026, the provider responded to the action issued. We found that the provider had reviewed and updated policies and procedures for liaison with other agencies to ensure that clear, accurate and consistent referrals are made. The provider had also completed audits with local safeguarding partners, and renewed training for all safeguarding leads. These actions help to ensure that designated safeguarding leads have clear and consistent procedures in place to support referrals and accurate information sharing with relevant agencies. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services

we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
