Dear Ms Turner

Ofsted survey inspection programme – 14-19 reforms

Thank you for your hospitality and co-operation, and that of your staff and students during my visit on Wednesday 17 October 2007 as part of our survey on 14-19 developments in the local area.

The visit provided valuable information which will contribute to our national evaluation and reporting. Published reports are likely to list the names of the contributing institutions, but individual institutions will not be identified in the main text.

Uppingham Community College has developed its curriculum appropriately to meet the needs and interests of young people in the local area. The ROVA and Young Apprenticeship programmes are successful and valued by students. The links with local colleges are very productive. The commitment and participation of the school have contributed to the successful planning and preparation for taking forward the 14-19 reforms in the local area.

Advice, guidance and support are good and have a very positive impact on the motivation and personal development of the students. Students are well-informed and reach rational decisions in making their choice of subjects and courses. They can explain their choices clearly and feel very well supported by the school.

If there are any points or aspects of the visit you wish to discuss, please get in touch. As we will be evaluating the survey, you may be contacted in the future to find out your views. I hope you will contribute to this evaluation. Thank you once again.

Yours sincerely

Davinder Dosanjh
