Dear Mr Patel

Ofsted survey inspection programme – 14-19 reforms

Thank you for your hospitality and co-operation and that of your staff during my visit on 06 February as part of our survey on 14-19 developments in the local area. Please convey my thanks to those students who spoke to me about their courses and the support and guidance the school provides for them. I particularly appreciated the trouble the older students took to travel from their schools to meet with me.

The visit provided valuable information which will contribute to our national evaluation and reporting. Published reports are likely to list the names of the contributing institutions, but individual institutions will not be identified in the main text.

Your students spoke highly of their education. They enjoy the challenge of their work and the way they are known and valued as individuals in such a caring and supportive school. They are mature and independent minded young women who have high aspirations and the intellectual ability and personal qualities to realise them. I was impressed with the sensitive leadership of the senior staff who work for change whilst retaining the core values and beliefs that underpin the work of your school.

If there are any points or aspects of the visit you wish to discuss, please get in touch. As we will be evaluating the survey, you may be contacted in the future to find out your views. I hope you will contribute to this evaluation. Thank you once again.

Yours sincerely

Brian Dower
Additional Inspector
